In regards to Paragraph 5 of Reference I want to state for the record that while I agreed on behalf of COS that no changes must take place in DILINER until the various legal proceedings have been resolved, I did not agree that not "even discussion of reorganization was possible." On the contrary, I feel that discussions as to the future of DILINER must be undertaken with CANASH, Berlin officials and UPKING if -- as indeed we do -- we want to maintain DILINER as a viable instrument.
